## B. Providers

### B1. Key terms

Each member is assigned to a Care Coordinator who leads a health care team.

A health care team may consist of the member, the member's family/caregiver and qualified professionals including if appropriate, the primary care provider, specialists, and other providers, as applicable, designed to effectively meet the member's needs. Your health care team will provide care management services to you after your enrollment in the plan. Your health care team will work with you to promote your ability to live independently, and the team will work to coordinate your full set of Medicare and MassHealth benefits including medical, behavioral, long-term care and social needs.

This section explains key terms in our Provider and Pharmacy Directory.

**Providers** are professionals such as doctors, nurses, pharmacists, therapists, and other people who provide care and services. **Services** include medical care, long-term services and supports (LTSS), supplies, prescription drugs, equipment and other services.

- The term **providers** also includes facilities such as hospitals, clinics, and other places that provide medical and behavioral health services, medical equipment, and LTSS.
- Providers that are a part of our plan's network are called **network providers**.

**Network providers** are the providers that have contracted with us to provide services to members in our plan. When you use a network provider, you usually pay nothing for covered services.

A **Primary Care Provider (PCP)** is a health care professional, primary care clinic, a federally qualified health center or a rural health care center who gives you routine health care. Your PCP will keep your medical records and get to know your health needs over time.

**Specialists** are doctors who provide health care services for a specific disease or part of the body. There are many kinds of specialists. Here are a few examples:

- **Oncologists** care for patients with cancer.
- **Cardiologists** care for patients with heart conditions.
- **Orthopedists** care for patients with certain bone, joint, or muscle conditions.

You may need a **prior authorization (PA)** for a specialist or someone that is not your PCP. **PA** means that UnitedHealthcare Connected® must give you approval before we will provide coverage for a specific service, item, or drug or out-of-network provider. If you don't get a referral or PA, UnitedHealthcare Connected® may not cover the service, item, or drug.

- Referrals or PA's are **not** needed for:
  - emergency care;
  - urgently needed care;
  - kidney dialysis services that you get at a Medicare-certified dialysis facility when you are outside the plan's service area; **or**
  - services from a women's health specialist.

**If you have questions**, please call UnitedHealthcare Connected® at 1-866-633-4454, TTY 711, 8 a.m. - 8 p.m., local time, Monday - Friday. **For more information**, visit [UHCCommunityPlan.com](http://UHCCommunityPlan.com).

- Additionally, if you are eligible to get services from Indian health providers, you may use these providers without a referral. We must pay the Indian health provider for those services even if they are out of our plan's network.
- More information on referrals and PA is available in Chapter 3 of the Member Handbook.

You will have a **Care Team** that you choose. Your **Care Team**, in addition to your Care Coordinator, may include doctors, nurses, counselors, or other health professionals who are there to help you get the care you need. This team will work with you to develop a plan of care designed to meet your health needs and maximize your independence. Everyone on the team works together to make sure your care is coordinated. This means that they make sure that you get all of the tests, labs, and other care that you need, and the results are shared with the appropriate providers. It also means that your PCP should know all medicines you take so that they can reduce any negative effects. Your PCP will always get your permission before sharing your medical information with other providers.

Members of your Care Team may include:

- A **Care Coordinator** that helps you manage your medical providers and services.
- Your **Primary Care Provider**
- A **Long-term Supports (LTS) Coordinator** to help you find and access support services available to you in the community. Both the Care Coordinator and LTS Coordinator can work as a part of your Care Team to make sure you get the care you need.

Your Care Team will also help you find other providers of medical, behavioral health, or long-term services and supports if you need a specialist or other health care provider. That way, you will get the right provider to help you with your concerns

## **B2. Wait times for primary care and behavioral health**

We must provide you with access to primary care and behavioral health services within the following timeframes:

- Immediately for urgently services or an emergency;
- within 7 days for services that are not an emergency or urgently needed, but you require medical attention;
- within 30 days for routine and preventative care.

## **B3. Primary Care Provider (PCP)**

You can choose any PCP in our network who is accepting new members. First, you will need to choose a Primary Care Provider.

To choose a PCP, refer the list of providers on the pages following this introduction and choose a provider:

- that you use now, or
- who has been recommended by someone you trust, or
- whose offices are easy for you to get to.

**If you have questions**, please call UnitedHealthcare Connected® at 1-866-633-4454, TTY 711, 8 a.m. - 8 p.m., local time, Monday - Friday. **For more information**, visit [UHCommunityPlan.com](http://UHCommunityPlan.com).

When you first enroll in UnitedHealthcare Connected®, you can keep using your current PCP and your other providers for 90 days, or until you and your Care Team complete a comprehensive assessment of your needs and goals and develop your Individualized Care Plan (ICP). This is called the Continuity of Care (COC) period. After that, if you do not choose a PCP in our network, UnitedHealthcare Connected® will choose one for you.

If you want help in choosing a PCP, please call Member Engagement Center 1-866-633-4454, TTY 711, 8 a.m. - 8 p.m. local time, 7 days a week. The call is free. Or, visit [UHCommunityPlan.com](http://UHCommunityPlan.com).

If you have questions about whether any service or care that you want or need is covered, talk to your Care Team or call Member Engagement Center and ask before you get the service or care.

#### **B4. Long-term services and supports (LTSS)**

As a UnitedHealthcare Connected® member, you will be able to get long-term services and supports (LTSS), if you need them, such as those listed below. LTSS are help for people who need assistance to do everyday tasks like taking a bath, getting dressed, making food, and taking medicine. Most of these services are provided at your home or in your community but could be provided in a nursing home or hospital.

If you need LTSS, an LTS Coordinator can help you and your Care Team determine what options are available to support you in the way you want. You always have the right to have an LTS Coordinator on your Care Team.

The following LTSS services are available, as applicable to members' needs:

- Day Services
- Home Care Services
- Respite
- Peer Support/Counseling/
- Care Transitions Home Modifications
- Community Health Workers
- Medication Management
- Non-Medical Transportation

Long Term Services and Supports (LTSS) are services provided by health care professionals who offer direct in-home and community-based services for **UnitedHealthcare Connected®** members. Your Care Coordinator will work with you to obtain services that are designed to maximize your independence. You may choose an LTSS Coordinator on your own or ask your Care Coordinator for assistance.

#### **B5. How to identify providers in UnitedHealthcare Connected®'s Network**

You must get all of your covered services from providers within our network. If you use providers who are not in UnitedHealthcare Connected®'s network (without prior authorization) PA or approval from us), you will have to pay the bill.

**If you have questions**, please call UnitedHealthcare Connected® at 1-866-633-4454, TTY 711, 8 a.m. - 8 p.m., local time, Monday - Friday. **For more information**, visit [UHCommunityPlan.com](http://UHCommunityPlan.com).

## Prior Authorization

A PA is an approval from UnitedHealthcare Connected® before you can get a specific service, drug, or out-of-network provider. UnitedHealthcare Connected® may not cover the service or drug if you don't get approval.

The exceptions to this rule are when you need urgent or emergency care or dialysis and cannot get to a provider in the plan, such as when you are away from home. You can also use providers outside the plan for other non-emergency services if UnitedHealthcare Connected® gives you permission first. Also, when you first enroll in UnitedHealthcare Connected®, you can keep using your current providers for 90 days, or until you and your Care Team complete a comprehensive assessment of your needs and goals and develop your Individualized Care Plan (ICP). This is called the Continuity of Care (COC) period.

You may change providers within the network at any time during the year. If you have been using one network provider, you do not have to keep using that same provider. If you want to change your primary care provider (PCP), call Member Engagement Center. Members can change their PCP monthly. You will receive a new membership ID card that shows your new PCP name and phone number.

UnitedHealthcare Connected® works with all the providers in our network to accommodate the needs of people with disabilities. As applicable, the list of network providers in this Directory includes information about the accommodations they provide. If you need a provider and are not sure if they offer the accommodations you need, UnitedHealthcare Connected® can help you. Talk to your Member Engagement Center or Care Coordinator for assistance.
