Extras from UnitedHealthcare

Be sure to make use of all the extras you get as a UnitedHealthcare member.

Mental health/chemical dependence (including alcohol and substance use)

We have trained professionals who are experienced in understanding substance use disorder and able to help you get treatment or give you information that will help you make decisions about your health care. “Addiction can happen to anyone, any family, at any time,” according to the New York State Office of Alcoholism and Substance Abuse Services (OASAS). UnitedHealthcare is here to assist you in all your health care needs. You can call Member Services for help at **1-866-265-1893**, TTY **711**, Monday–Friday, 8 a.m.–6 p.m.

Prescriptions

You are covered for prescription drugs, with some copays. See your subscriber contract for copay information. When you have a prescription filled, be sure to check that:

- It’s included on the Preferred Drug List (PDL)
- It’s written by a network provider
- It’s filled at a network pharmacy
- You show your member ID card when you have it filled

Getting care

Your primary care provider

We call the main doctor you see a primary care provider, or PCP. When you see the same PCP over time, it's easier to develop a relationship with them. Each family member can have his or her own PCP, or you may all choose to see the same person. Your PCP is available to assist you 24 hours a day, 7 days a week for:

- Routine care, including yearly checkups
- Coordinating your care with a specialist
- Treatment for colds and flu
- Referrals for non-emergency services
- Information for accessing medical services
- Managing medical problems
- Other health concerns

Change your PCP at any time

It's important to have a PCP you like and trust. You can change your PCP at any time simply by calling us. If you like, we can recommend someone for you.

Schedule a wellness exam soon

A yearly wellness exam with your PCP is important for good health. These visits are fully covered. Schedule your visit within the first 30 days of joining your health plan.

Need help finding a PCP?

Call us at **1-866-265-1893**, TTY 711, Monday–Friday, 8 a.m.–6 p.m.

Guide to getting care

Your primary care provider (PCP)

This is the person you should see for most of your care. This includes checkups, treatments, vaccinations, minor injuries and other health concerns.

Urgent care clinics

Network urgent care clinics are a good option if your primary care provider is not available, and you have an illness or injury that needs quick attention. This could include sprains or strains, minor cuts needing stitches, sore throat, minor burns, rash, fever or infection of any kind.

Emergency care

This level of care is for chest pain, bleeding that won't stop, trouble breathing, severe allergic rashes or the feeling that you might hurt someone or yourself. If it's an emergency, **call 911 or go to the nearest emergency room.**

We speak your language

If you speak a language other than English, we can provide translated printed materials. Or we can provide a telephonic or video interpreter to help translate materials sent to you. You can also get materials in other formats, such as Braille, large print or audio CD. Call Member Services at **1-866-265-1893, TTY 711**, Monday–Friday, 8 a.m.–6 p.m.

Suicide prevention

National Suicide Prevention Lifeline (NSPL) – **988**

To access **988** via chat, visit [988lifeline.org/chat](https://www.988lifeline.org/chat)

UnitedHealthcare does not discriminate on the basis of race, color, national origin, sex, age or disability in health programs and activities.

We provide free services to help you communicate with us. Such as, letters in other languages or large print. Or, you can ask for an interpreter. To ask for help, please call Member Services at **1-866-265-1893**, TTY **711**, 8 a.m. – 6 p.m., Monday – Friday.
